CHIRCHIR EMMANUEL KIPRONO

Graduate Civil Engineer

Nairobi, Kenya | +254 717 344 357 | kipronomanuel17@gmail.com

PROFESSIONAL SUMMARY

Recent Civil Engineering graduate with hands-on experience in construction supervision, infrastructure development, project coordination, quality control, engineering documentation, and stormwater drainage assessment gained through attachments with government engineering departments. Proficient in AutoCAD, Microsoft Project, Microsoft Excel, and Microsoft Word, with a strong foundation in site inspection, technical reporting, and compliance verification against approved drawings and specifications. Recognized for strong communication, teamwork, analytical, and problem-solving abilities developed while collaborating with contractors, surveyors, and multidisciplinary teams. Seeking a Graduate Engineer position to apply technical expertise and contribute to infrastructure and construction projects while continuing to grow professionally.

CORE COMPETENCIES

Construction Supervision • Site Inspection • Project Coordination • Engineering Documentation • Quality Assurance • Quality Control • Drainage Engineering • Technical Reporting • Problem Solving • Communication • Teamwork • Time Management • Attention to Detail • Project Scheduling

PROFESSIONAL EXPERIENCE

Clerk of Works.

Ezag Company Limited. *July 2026 to date*

Responsibilities include: ensuring building quality, safety standards and approved plans are followed coupled with frequent reporting.

Civil Engineering Attaché

State Department of Public Works. *January 2025 – April 2025*

Upper Hill | Nairobi, Kenya

- Assisted in the supervision of public building construction projects from planning through execution.
- Reviewed engineering drawings and Bills of Quantities to support accurate project cost estimation.
- Monitored site progress and inspected works to ensure quality and schedule compliance.
- Contributed to project planning and reporting to support effective project management.
- Carried out quality control inspections to maintain construction and material standards.
- Coordinated with multidisciplinary engineering teams to resolve on-site technical issues.
- Maintained accurate engineering documentation for ongoing and completed works.

Civil Engineering Attaché

Ministry of Water *April 2023 – July 2023*

Partakilat Pan Development Project | Kilgoris, Kenya

- Supported senior engineers in supervising water infrastructure construction, ensuring alignment with project timelines and technical requirements.
- Conducted site inspections and monitored construction progress to verify adherence to approved plans.
- Performed quality assurance and quality control checks to uphold construction standards.
- Verified compliance of on-site works with engineering drawings and technical specifications.
- Prepared site reports and engineering documentation for project tracking and record-keeping.
- Collaborated with contractors, surveyors, and engineers to coordinate daily construction activities.
- Promoted workplace safety practices and adherence to construction standards on site.

FINAL YEAR PROJECT

Assessment of the Performance of Stormwater Drainage Systems in Nyeri Town

- Conducted hydraulic assessment of urban stormwater drainage infrastructure to evaluate system performance and capacity.
- Identified drainage bottlenecks and flood-prone areas through field surveys and hydraulic analysis.
- Developed engineering recommendations to improve urban stormwater management and reduce flood risk.

EDUCATION

Certified Associate in Project Management **2026**

Project Management Institute

Bachelor of Science in Civil Engineering *2020 – 2026*

Dedan Kimathi University of Technology, Kenya

Graduated with Second Class Honours (Lower Division)

Kenya Certificate of Secondary Education (KCSE) *2016 – 2019*
Moi High School Kabarak, Kenya
Grade: B+

Kenya Certificate of Primary Education (KCPE) *Completed 2015*
Line Member School, Kitale, Kenya

TECHNICAL SKILLS

AutoCAD • Microsoft Project • Microsoft Excel • Microsoft Word
